PLAN TO PROVIDE NEW GYMNASIUMS

Mr Dodwell

MORE gymnasiums would be established in New Zealand's secondary schools by the National Government, the National Party candidate for Avon (Mr S. Dodwell) said last night.

It was the party's policy to develop physical education in schools in this way. Mr Dodwell, however, was unable to say exactly to what extent the Government would finance this development.

He spoke at the corner of Breezes Road and Pages Road, his address lasting about twenty minutes.

Only about twenty people seemed to take any apparent interest and only two questions were asked.

These questions concerned the provision of more gymnasiums in secondary schools and whether the Government was prepared to increase aid under the Colombo Plan in view of the expenditure of £21,000,000 for re-equipping the forces.

PRAISE FOR N.Z.B.C. ACT ON CLAIM

P.A. WELLINGTON, To-day. Praise for a New Zealand Broadcasting Corporation stand over a recent defamation claim, was contained in a statement issued yesterday by the New Zealand Journalists' Association and the Radio and Television Journalists' Society.

The statement was in reply to a broadcast by Mr C. U. Plimmer. "Not Proceeding. In his broadcast Mr Plimmer announced he was not proceeding with a claim for £31,000 for alleged defamation in a broadcast report of an address by Mr Plimmer to the younger set of the English Speaking Union in Wellington.

The statement said the report that was the basis of Mr Plimmer's claim was written and prepared for publication by members of the N.Z.B.C. news service, who were members of both associations.

The statement said: "The two associations wish to congratulate the corporation on its firm stand and to express their appreciation of the attitude of the corporation to the journalist concerned."

Endorsed "The corporation has repeatedly affirmed its confidence in the ability and integrity of the journalist who reported Mr Plimmer's address and this confidence is unreservedly endorsed by his fellow journalists."

The statement said Mr Plimmer, in his broadcast, had suggested he did not know his speech was being reported, although he admitted he had been introduced to someone from broadcasting.

In fact, the broadcasting reporter attended the meeting as a routine assignment because the news service was invited to report the function," the statement said.

Wigram Visit By Two R.A.F. Teams

Two Royal Air Force teams will visit the N.Z.A.F. station, Wigram, next week. One will study flying techniques, the other communications.

The commandant of the Central Flying School (Air-Commodore H. Bird Wilson) and three of his staff will arrive on Tuesday for lectures, discussions and flying, to compare New Zealand training methods and techniques.

Second Party Three hours after they leave on Thursday, the controller of the R.A.F. Telecommunications Centre (Air-Commodore A. D. Jackson) and the inspector of Radio Services (Group Captain G. L. S. Griffith-Jones), each with three members of their staff, will arrive to stay until Saturday.

Record £1533 In Appeal

Citizens contributed a record £1533 to the annual Canterbury - West Coast Tuberculosis Association's street appeal yesterday.

The president, Mr R. A. Rattray, said last night the response was "most encouraging" and the funds would greatly assist their work.

The total amount of £1533 includes £1133 from actual street collections, £220 from donations, and earlier collections amounted to £110 in Lyttelton and £70 in Kaiapoi and Rangiora.

Thirty boxes are still to be counted. Mrs Betty Goulden was in charge of the 100 collectors who took part.

N.Z. to Expand Trade in Greece

P.A. WELLINGTON, To-day. New Zealand will establish a consulate in Greece to expand trade with eastern Mediterranean countries, the Minister of Overseas Trade (the Hon J. R. Marshall) announced last night.

The consulate will be at Athens and is expected to be opened early next year. A Government spokesman in Athens said Greece welcomed the decision with satisfaction, the Associated Press reported.

It would also introduce a scheme for financing, on most favourable terms, community centres in big new housing areas.

Turning to the National Party's economic policy, Mr Dodwell said it would continue to give the people monetary and economic incentives to be venture some, to expand business, to develop new business, and to increase exports.

It would also maintain full employment, maximum stability in prices and throughout the country.

New activities for export expansion would be enthusiastically continued so that New Zealand's trade drive would be a dynamic force in promoting national prosperity.

Realistic incentives including prospects of lower rates of taxation for farmers to help expand production for export would be provided.

A National Government would stimulate through sympathetic assistance and appropriate incentives the steady expansion of manufacturing to ensure full employment and provide goods for export.

Mr Dodwell said the present Government's policy was to take new measures to deter crime and reform offenders.

It would review the effects of the heavier penalties imposed for crimes of violence, especially against women and children.

Legislation in the field of legal aid for people of modest means would also be introduced.

New Pottery, Kiln for Craft Centre

Pottery had been bought from the New Zealand potters' exhibition in Dunedin, and from overseas potters, said the director (Mrs C. Dunn) in her report at the annual meeting of the Craft Centre last evening.

An additional potter's wheel, a new kiln, and a spinning wheel had been bought, and a spinning class started.

The membership was now about 150 and day and evening classes in pottery, basketry and cane furniture had been well attended.

An open day will be held at the centre on December 7. The following officers were elected: Director, Mrs C. Dunn; assistant director, Miss N. Flewelling; secretary, Miss M. Anderson; treasurer, Mr D. August; committee, Mesdames W. Warner, P. Warr, B. Sykes, R. Brown, Miss M. Dunn, Messrs W. Warner, R. Riccalton, and C. Dunn.

Assistance The party also proposed improving the services for the mentally ill and simplifying admission procedures.

Referring to housing, Mr Dodwell said a National Government would provide several new forms of practical assistance for financing home building and for the buying of older houses.

Guilty Mr Moore said the South African Government must plead guilty to "politics in sport" by refusing passports to coloured sports people going out of the country, and this meant a protest and impounding the passports.

Record £1533 In Appeal Citizens contributed a record £1533 to the annual Canterbury - West Coast Tuberculosis Association's street appeal yesterday.

The president, Mr R. A. Rattray, said last night the response was "most encouraging" and the funds would greatly assist their work.

The total amount of £1533 includes £1133 from actual street collections, £220 from donations, and earlier collections amounted to £110 in Lyttelton and £70 in Kaiapoi and Rangiora.

Thirty boxes are still to be counted. Mrs Betty Goulden was in charge of the 100 collectors who took part.

THE PRIME MINISTER REPLYS

The new British Prime Minister (Sir Alec Douglas-Home) makes his main speech in reply to the Lord Mayor's toast of "Her Majesty's Ministers" at the annual Lord Mayor's Banquet in Guildhall, London. The Lord Mayor (Alderman C. James Harman) looks on.

BIG VOTE TO LABOUR IN MARGINAL DUNDEE

N.Z.P.A.-Reuter-Copyright DUNDEE (Scotland), November 22.

THE Labour Party swept to victory in the Dundee West by-election yesterday, turning a marginal 714 majority into a majority of 4955 over the Conservative Party's candidate.

Labour had been expected to increase its majority but not by such a wide margin. Labour leaders are expected to hail the victory as further evidence that the electorate has had enough after twelve years of Conservative rule and feels it is "time for a change."

The Conservatives had made a big effort to win the seat in view of the small Labour majority at the 1959 general election.

It was widely reckoned during the Dundee West campaign that if the Labour majority went up by as much as 2000 votes, the result would not be seen as extremely party for the Conservative Party.

But, the Labour majority being twice as much as that, many Conservatives are likely to regard the result as disastrous.

NEW HEAD CHOSEN FOR B.O.A.C.

N.Z.P.A.-Reuter-Copyright LONDON, Nov. 22. Sir Giles Guthrie, a 47-year-old banker, will take over the chairmanship of British Overseas Airways in January at a salary of £15,000.

He is charged with producing within a year, a plan to put the heavily indebted corporation on a sound financial footing.

Sir Giles Guthrie's appointment follows the resignation from the B.O.A.C. chairmanship of Sir Matthew Slattery.

Sir Basil Smallpiece has also resigned from the managing-directorship.

Sacrifices £5000 The Air Minister (Mr Julian Amery) said Sir Giles Guthrie would give up all his other directorships to take the B.O.A.C. post and would lose £5000 as a result.

Sir Matthew Slattery's salary as chairman was £8500. The proposal for a master plan to put B.O.A.C. back on its feet was disclosed in a White Paper issued yesterday.

B.O.A.C. has an accumulated deficit of £77,000,000.

Move on Sth. Africa Refused by N.Z.A.A.A.

Wellington "Star" Reporter A NORTHLAND move to stop New Zealand athletes competing in a South Africa under organisations which enforced racial segregation was unanimously discarded when it was voted on at last night's annual meeting of the New Zealand Amateur Athletic Association.

Put forward by Mr E. L. Moore, the proposals drew only two comments, one from the chairman (Mr J. Jackman) who said that the South African union, which was affiliated with the I.A.A.F., was the only one New Zealand could deal with, and Mr G. T. Wiggs, who said the proposal was unconstitutional.

He said that if it was put through New Zealand would be an offender under the I.A.A.F. ruling that politics, religion and racial matters should not enter into the relationships between countries.

Guilty Mr Moore said the South African Government must plead guilty to "politics in sport" by refusing passports to coloured sports people going out of the country, and this meant a protest and impounding the passports.

Wishes There Was More for Music PEOPLE spoke very lightly of civic pride and civic progress, but civic music was a very pleasant-sounding phrase, the Deputy-Mayor (Mr H. P. Smith) told members of the Christchurch Civic Music Council at the annual meeting last night.

"We spend in Christchurch on all the things that are there for sport or beautification, about £3000 a week," he said. "On our library we spend £1230 a week."

However, on civic music said Mr Smith, the Christchurch City Council spent only £15 a week.

"Let it not be said that this grant by the City Council to the Music Council is a very negligible one," he said.

He just wish I had £20,000 a year to spend on similar projects."

The chairman (Sir James Hay), who resigned last night after twenty years of service, referred to the Deputy-Mayor's speech as "enlightened."

There was really an exciting future ahead of the Music Council, he said.

"If only we have the vision to see it," he cautioned.

Inspired "He came, he joined, and he has inspired ever since then," the secretary (Mr L. F. de Berry) said of Sir James.

"He has always been a grand navigator; he has always run a grand ship," said Mr C. Foster.

Islands Visit P.A. NAPIER, To-day. The Archbishop of New Zealand (the Most Rev. N. A. Lessner) left Napier yesterday on his way to Honiara in the British Solomon Islands for the consecration on November 30 of two Melanesian Assistant-Bishops.

N.Z. Land Birds Just one of a series of 40 N.Z. Land Birds painted in full colour for a leading food-manufacturer by Michael Coombe, well known British artist. After scrutiny by an expert ornithologist the paintings were reproduced as album cards — a unique series for collection by children of all ages. Each card is complete with full, natural description and there's one in each packet of Gresser's Jellies.

A high quality, illustrated, descriptive album is also being offered. The manufacturers advise that the album may be had by sending sixpence in stamps, for packing and postage, to "Birds," c/o W. Gregg & Co. Ltd., P.O. Box 955, Dunedin. —ADVT.— GB-6
